The Miele Workshop (Free of Charge)**

The Food and Wine Academy has partnered with Miele to improve the Vinoteca with a cookery induction hob and extraction system demonstration area.

Miele is a German manufacturer of the highest quality domestic appliances and commercial equipment in the world. It was founded in 1899 by Carl Miele and Reinhard Zinkann, and has always been a family-owned, family-run company. Miele appliances have an unobtrusive, elegant appearance and fit in perfectly in modern and design-oriented kitchens. Miele appliances are on show the world over, not least in the Museum of Modern Art, New York and in the Chicago Atheneum.

Hong Kong has always been a global trendsetter with a unique taste and lifestyle. This workshop will serve as a valuable opportunity to witness innovative products with unique designs and functionalities for today's kitchens.
